

BodyTalk Student Specials with Lisa Sullivan, Adv.CBP*

Individual Sessions

As you practice this work, it's important to get regular BodyTalk sessions for yourself. To make Advanced Sessions more accessible I offer a student/practitioner special of \$90 per session, or \$75 per session if you purchase a package of three sessions.

Mentor Sessions

1:1 mentoring sessions quickly strengthen your comprehension of the Mod 1/2 material for your certification exam. Individual sessions help identify the material and concepts you need more attention on and help clarify them in a learning style tailored to your needs. Sessions are 90 min and include giving and receiving a BodyTalk session using the Mod 1/2 material. Cost \$85.

60 min sessions are also available for \$65 and don't include a personal session.

Mentor sessions are available by phone or in person and can focus on either Mod1/2 or Adv Modules for the IBA certification exams.
